no de la Exposición. La Junta de Señoras de la misma se ha encargado de su equipo y administración, y de ella forman parte, además de la distinguida Comisión de San Francisco, juntas auxiliares de cada uno de los condados de California y meritísimas damas de todas las nacionalidades, para poder recibir y guiar a las familias de sus connacionales, que visiten la Exposición.

Este palacio se encuentra emplazado en el sitio más asequible de ambos distritos de pabellones nacionales y extranjeros, junto a la Bahía, frente al puerto de los yates, del que lo separa un espacioso parque, constituyendo así, por su situación por su destino, el regio apeadero de la Exposición Universal de Panamá y el Pacífico en 1915.

San Francisco 8 Junio 1914.
